

CONTENT

1. INTRODUCTION TO THE OCCUPATIONAL SAFETY AND HEALTH	9
1.1. Importance and Objectives of Occupational Safety and Health	9
1.2. Key Dimensions of OSH Importance	9
1.3. Core Objectives of OSH	19
REVIEW QUESTIONS – CHAPTER 1	33
2. FUNDAMENTALS OF OCCUPATIONAL SAFETY AND HEALTH	35
2.1. Definition and Key Terms	35
2.2. Principles of Health and Safety Protection	37
2.3. Responsibilities for Occupational Safety and Health	39
2.4. OHS management system	42
REVIEW QUESTIONS – CHAPTER 2	44
3. FUNDAMENTALS OF OCCUPATIONAL SAFETY AND HEALTH – LEGAL FRAMEWORK	45
3.1. European Union Safety and Health legislation	45
3.2. National OSH Legislation in Slovakia	47
REVIEW QUESTIONS – CHAPTER 3	63
4. ACT NO. 124/2006 COLL. ON OCCUPATIONAL SAFETY AND HEALTH	64
4.1. Purpose and Legislative Context	64
4.2. Structure of the Act	65
4.3. Key Definitions	67
4.4. Scope of Application	69
4.5. General Principles of Prevention	70
4.6. Employer Obligations	72
4.7. Employee Rights and Duties	74
4.8. Preventive and Protective Services (PPS)	75
4.9. Professional Competence and Training	77
4.10. Safety of Technical Equipment	78
4.11. Special Protective Measures	80
4.12. Information, Consultation and Participation	82
4.13. Control, Monitoring and Record-Keeping	83
4.14. State Supervision	84
4.15. Sanctions and Liability	86
REVIEW QUESTIONS – CHAPTER 4	88
5. IMPLEMENTATION OF ACTIVITIES IN THE FIELD OF OCCUPATIONAL SAFETY AND HEALTH	89
5.1. Professionally Competent Persons	89
5.2. Coordination and Organisation of OSH	90

5.3.	Documentation and Record-Keeping.....	92
	REVIEW QUESTIONS – CHAPTER 5	93
6.	HUMAN BEING IN THE WORK ENVIRONMENT.....	95
6.1.	The Impact of Work on Health and Mental Wellbeing.....	95
6.2.	Working Conditions and Their Evaluation.....	97
6.3.	Ergonomic Principles	99
	REVIEW QUESTIONS – CHAPTER 6	101
7.	PRINCIPLES OF PREVENTION AND CONDITIONS FOR ENSURING OCCUPATIONAL SAFETY AND HEALTH	102
7.1.	The General Principles of Prevention.....	102
7.2.	The Hierarchy of Preventive Measures.....	104
7.3.	Creating Conditions for Effective Prevention.....	107
7.4.	Integrating Prevention into Organisational Practice	110
7.5.	Culture of Prevention	111
7.6.	Integration of OSH into Organisational Strategy	112
	REVIEW QUESTIONS – CHAPTER 7	114
8.	WORKPLACE ENVIRONMENTAL FACTORS	115
8.1.	Hazardous work.....	115
8.2.	Solid aerosols (dust) factor.....	117
8.3.	Noise factor.....	118
8.4.	Vibration factor	119
8.5.	Chemical factors	119
8.6.	Carcinogens and mutagens	121
8.7.	Factors causing occupational skin diseases	121
8.8.	Electromagnetic radiation	121
8.9.	Optical radiation – Ultraviolet radiation.....	122
8.10.	Optical radiation – Infrared radiation.....	122
8.11.	Optical radiation – Lasers	122
8.12.	Biological agents.....	123
8.13.	Factors causing occupational allergic respiratory or conjunctival diseases	124
8.14.	Increased air pressure	124
8.15.	Physical loads.....	124
8.16.	Mental workload.....	125
8.17.	Heat and cold stress.....	126
8.18.	Methods of Assessing the Working Environment from an Ergonomic Point of View	127
	REVIEW QUESTIONS – CHAPTER 8	130
9.	SYSTEM OF TECHNICAL AND ORGANISATIONAL MEASURES IN OSH.....	132
9.1.	Technical Measures	132

9.2.	Organisational Measures	134
9.3.	Maintenance, Inspections, and Technical Condition Monitoring.....	135
9.4.	Emergency Systems and Procedures.....	137
	REVIEW QUESTIONS – CHAPTER 9	139
10.	HEALTH IMPAIRMENT	141
10.1.	Accident at work	141
10.2.	Obligations of the employee and the employer in the event of accidents at work and other accidents.....	142
10.3.	Employer's obligations in the event of an accident at work with more than 3 days' incapacity for work	142
10.4.	Reporting of work accidents and their recording in a special register.....	143
10.5.	Occupational disease	144
	REVIEW QUESTIONS – CHAPTER 10	147
11.	PERSONAL PROTECTIVE EQUIPMENT	148
11.1.	Legal framework for the use of personal protective equipment	148
11.2.	Technical standards for personal protective equipment.....	150
11.3.	Categorisation and systematization of the most frequently used personal protective equipment in the Slovak Republic	150
11.4.	PPE used in workplaces	151
11.4.1.	Whole body protection	152
11.4.2	Head protection.....	153
11.4.3	Lower limb protection - work boots.....	156
11.4.4.	Hand protection (upper limbs)	157
11.5.	Torso and abdominal protection	157
11.6.	Skin protection.....	158
11.7.	Work clothing and footwear, means of ensuring physical hygiene	158
11.8.	Recommendations for the employer when assessing PPE.....	159
	REVIEW QUESTIONS – CHAPTER 11	162
12.	REGULATORY REQUIREMENTS FOR ENSURING OCCUPATIONAL SAFETY AND HEALTH – DESIGNATED TECHNICAL EQUIPMENT	163
12.1.	Definition and Categories of Designated Technical Equipment.....	163
12.2.	Legal Framework and Technical Regulations.....	164
12.3.	Responsibilities of Employers and Users.....	164
12.4.	Authorised Persons and Inspection Bodies	164
12.5.	Inspections, Testing, and Certification	165
12.6.	Documentation and Record-Keeping.....	165
12.7.	Enforcement and Sanctions	165
	REVIEW QUESTIONS – CHAPTER 12	166
13.	STATE SUPERVISION IN THE FIELD OF OCCUPATIONAL SAFETY AND HEALTH.....	167

13.1. Institutional Framework of OSH Supervision	167
13.2. Powers and Duties of Labour Inspectors	168
13.3. Inspection Procedures	168
13.4. Legal Instruments and Enforcement Measures	168
13.5. Rights and Obligations of Inspected Entities.....	169
13.6. Coordination with European and International Bodies.....	169
REVIEW QUESTIONS – CHAPTER 13	169
14. WORKPLACE SAFETY IN CRISIS SITUATIONS.....	171
14.1. Definition and Types of Crisis Situations in the Workplace.....	171
14.2. Legal Framework and Employer Responsibilities.....	172
13.3. Emergency Preparedness and Planning.....	172
13.4. Training, Drills, and Worker Involvement.....	173
13.5. Crisis Management Coordination and Communication	173
13.6. Post-Crisis Evaluation and Recovery	173
REVIEW QUESTIONS – CHAPTER 14.....	174
